

MUBS Marketplace

A campus-exclusive marketplace where MUBS students can buy and sell cosmetics, clothing, books, and more.

Features

- ✓ **Campus-Only Access** - Only MUBS students with @mubs.ac.ug email can sign up
- ✓ **Verified Sellers** - Seller verification system to build trust
- ✓ **Browse Listings** - Search and filter products by category
- ✓ **Create Listings** - Sellers can post items with price and description
- ✓ **Real-Time Database** - Powered by Firebase Firestore
- ✓ **Mobile Responsive** - Works on phones, tablets, and desktop

Quick Start

Prerequisites

- Node.js 18+ installed ([Download](#))

- A Firebase account (free at firebase.google.com)

Setup in 5 Minutes

1. Clone this repository

```
git clone <your-repo-url>
cd mubs-marketplace
```

2. Install dependencies

```
npm install
```

3. Set up Firebase (follow [SETUP_GUIDE.md](#))

- Create Firebase project
- Get your config credentials
- Update `src/firebase.js`

4. Run locally

```
npm start
```

Opens at `http://localhost:3000`

5. Deploy to Vercel (free hosting)

```
npm run build
# Push to GitHub, then deploy via
Vercel dashboard
```

Project Structure

```
src/  
├── pages/           # Main pages  
│   ├── Auth.js      # Sign up & login  
│   ├── Marketplace.js # Browse listings  
│   └── SellerDashboard.js # Manage  
listings  
├── styles/          # CSS for each page  
└── firebase.js      # Firebase config
```

How It Works

1. **Students sign up** with MUBS email
2. **Sellers create listings** with item details
3. **Buyers browse** and message sellers
4. **You earn** 5-10% commission on sales (future feature)

Deployment

See [SETUP_GUIDE.md](#) for detailed deployment instructions.

Free hosting options:

- Vercel (recommended)
- Netlify
- Firebase Hosting

Revenue Model

When you're ready to monetize:

- **Commission:** 5-10% per transaction
- **Listing fees:** 500-1,000 UGX per listing
- **Premium features:** Featured listings, seller badges

Roadmap

- ☐ Direct messaging between buyers/sellers
- ☐ Payment integration (MTN Mobile Money)
- ☐ Product image uploads
- ☐ Seller ratings & reviews
- ☐ Admin dashboard for verification
- ☐ Transaction history & analytics
